**Connecting**  
Businesses  
Environmental Groups  
and Agencies  
**[www.assistancecenters.net](http://www.assistancecenters.net)**

In recognition of the many challenges faced by small- and medium- sized businesses, local governments, and Federal agencies, EPA has partnered with industry associations, environmental groups, universities, and other government agencies to create Compliance Assistance Centers (Centers). Each Center is targeted to a specific sector and consolidates and explains relevant environmental requirements and solutions. Visit the Centers to find out exactly what you need to do, in language that relates directly to the operations of your business or government agency.
